Rain, according to Judge Haass, U. S. Voluntary Observer, for the past week amounted to .75 of an inch, which, added to the rain of last week makes a total of 2.55 inches for the month of September. However, the rain seems to have been more generous in the town than in the country, some of our farmers claiming they still lack the moisture necessary to plant their oat crop.

Fred Metzger returned to his home in San Antonio Wednesday after a several days' visit to his mother, Mrs. Fred Metzger Sr., and other relatives here.

Alfred Sittre and his mother, Mrs. Jack Sittre, were here from Rionedina Monday on legal business. While here, Mr. Sittre who was a former pupil of this editor in his school-teaching days, paid us an appreciated call and helped to enlarge FARMING'S subscription list.

E. S. Hamilton, one of Uncle Sam's navy boys, passed through Hondo on Thursday morning's limited, returning to his headquarters at San Diego, California, from a visit to his mother at Houston. He was met at the train here by his sister, Mrs. Walter Mask, and as a result his lunch basket was liberally supplied with good things to eat on his westward journey.

August Weynand informs us that the 30x3 1-2 Fisk Red Top Casing given away by him in a guessing contest at the fair was won by Alfred G. Brucks. Mr. Brucks' guess was that there were 2601 beans in the jar. By actual count there were 2617. The guess was, therefore, within 16 of the actual number. There were several others guessed 2600 so that the winner won by the narrow margin of only one bean. Mr. Brucks' prize is a quality tire that will give him much good service.

Quite a number of Hondo people have visited the Sabinal fair this week.

Milton Schmitt of San Antonio was a last week-end guest of friends in Hondo.

Editor John C. Biediger and family were here from Lacoste Saturday to attend the fair.

R. B. Reynolds, the section foreman, was a business visitor to San Antonio Monday.

Cotton shipments for the week amounted to 288 bales. Total shipments thus far this season, 1456.

The cooler weather since the recent rains has been a welcome change from the excessive heat that has characterized the past summer.

M. Herwick was here last week-end on business and pleasure. Mr. Herwick and his brothers have recently opened a paint store in San Antonio.

Carload shipments for the week totaled nine cars, three in and six out, as follows: Received, 1 of oil, 1 of gasoline, 2 of cattle, 1 of lumber and 1 of lime; forwarded, 2 cars of cattle and 1 of hogs.

Painters are busy on the Starnes cottage in the Martin-Starnes addition to the town, and it will soon be ready for occupancy. Mr. and Mrs. Starnes will have a pretty and comfortable home when the work is completed.

That attractive packages promote the sale of goods is a well known fact among merchants and sales-people. It is not so well known, however, among people generally. A demonstration of the value of neat packages and attractive labels has just come to our attention. Recently the Anvil Herald Print Shop printed some honey labels for Messrs. Hurt & Smith. These labels are printed in four colors and when pasted on a honey container give it a most attractive appearance and one suggestive of the honeyed sweetness contained within the pail. Mr. A. J. Swearingen, who has retailed the product of the Hurt & Smith apiaries for some time, informs us that since the new labels are in use the sales of the product have increased at least fifty per cent over formerly when the same product was put up in a plain can. It pays to pack and label your product under a standard name and an attractive label.

Geo. A. Hay, prominent breeder of registered Angora goats, dropped into our glided parlor this week to swap a chaw of tobacco with us, and to remind us that in the Hondo fair he won first premium on exhibit of short hair billy. There was a report got out that he won second on something or other in the exhibit line, but it was a first that he took down. In his time Mr. Hay has bought some mighty fine billys, at one time when the peak of his prices was on the land, having paid \$350 for one. At the San Angelo sheep and goat raisers association in June he paid the highest price in any sale, digging 145 simoleons in order to become possessor of one certain William Goat. He believes in buying them in "high," for he breeds them that way, and for that sort of market—Cattle Clatter, in San Antonio Express.

Mr. A. L. Wickham of Rock Springs was a business caller at this office Friday and took advantage of our clubbing offer to help swell FARMING'S growing subscription list. Mr. Wickham just recently sold 500 head of sheep at \$8.00 per head. This is the first sale he has made in some time, and he feels that it is a substantial evidence of returning confidence on the part of stockmen. Times have been hard with the stockmen for several years, and many have gone broke, but prospects are brightening for those able to weather the storm.

As a result of an accident at Earnest Balzen's blacksmith shop at Quilhi, Tony Neuman about 16 years, lost an eye. We have been able to learn but few of the particulars as the physician who attended him was out of town Friday. From information available it seems Andrew Muennink was beating on a flat headed chisel when a piece flew off, striking Tony in the eye, destroying the sight. After receiving treatment here young Neuman was sent to a hospital in San Antonio on Thursday evening's train.

Good progress is being made in laying the cement pipe that is to take the place of Easley Creek. Excavation work has progressed up to Judge Haass' corner, and the cement workers are but little behind the excavators. A large force of men are at work and if the progress now being made is kept up the idea of November will see one of the features of Hondo that has long distracted from its attractiveness forever obliterated from view.

Sheriff J. F. Bader called our attention to the fact that the oldest married couple attending the fair here and participating in the parade was his father- and mother-in-law, Mr. and Mrs. August Holzhaus. Mr. Holzhaus is in his 86th year and Mrs. Holzhaus is in her 80th. They are both strong and active considering their advanced years and enjoyed the visit to the fair very much.

Rev. S. C. Swinney returned from Arkansas last Saturday and after a day here left Sunday night. He will locate at Junction City, Arkansas, where he will engage in preaching and will also become field agent for a school. A Baptist minister from Brackettville will probably serve the church here the first Sunday in each month until other arrangements are made.

Sr. Jose Gardenas and Srta. Juanita Ortiz were married down at the Adolph H. Haegelin farm. Wednesday His Honor, Judge A. M. Lamm, officiating. The Judge is strictly in his element as a nuptial knot tyer and his services are always available to those who desire to enter the wedded state.

A. L. Wickham is down from Rock Springs on a visit to his family who have been visiting at the home of Mrs. Wickham's parents, Mr. and Mrs. E. A. Parsons. Mrs. Wickham and children will accompany him home tomorrow to the ranch near Rock Springs.

Andre Sprott was down from Sproutsylvania Friday. He has recovered from the rattlesnake bite suffered a few weeks ago. He says he has seen no more rattlesnakes since he was struck, even though he has looked for them more carefully than even before.

Work on the beautifying of the front of Fritz Heyen's variety store is progressing. The brick work is practically completed and the placing of the plate glass will soon follow. When completed Mr. Heyen will have one of the most attractive places in the town.

The first football game of the season developed the fact that the Hondo High School team still has the "pep" that carried it to victory in so many hard-fought battles last season. The initial game for this season was played at de Montel Park last Friday with the Devine High School team and resulted in a victory for our boys by the one-sided score of 20 to 0.

To L. G. Strawn went the prize offered by the Ford dealers, Carter & Bader, for the oldest Ford appearing in the parade at the opening of the County Fair Thursday of last week. This car was of the vintage of 1910, and bears but little resemblance to the Fords of today. A can of lubricating oil will keep this vehicle of the road in condition for service for many years to come. This is the only winner of the prizes offered by Messrs. Carter & Bader to appear and claim their prize.

Mesdames L. E. Heath, A. J. Hutzler and P. Jungman entertained the Ladies' "42" Club on Thursday afternoon from four to six. After a number of interesting games, delicious refreshments were served to the following: Mesdames Felix Batot, Earl Boon, Horace Bradley, Fletcher Davis, Chas. Finger, John Finger, Alfred Finger, L. E. Heath, A. J. Hutzler, P. Jungman, M. H. Muennink, Henry Merriman, C. M. Merritt, O. H. Miller, R. J. Noonan, Earl Starnes and F. H. Schweers.

Uncle Geo. Muennink was wearing a smile Thursday that absolutely refused to rub off. He is great-grandpa, and the arrival of his first born never gave him more pleasure than this new addition to the family. A baby girl was born to Mr. and Mrs. John Faseler at Yancey Wednesday, September 20. Uncle George's good friends trust that time will deal gently with him and that he may be spared to rejoice over a great-great addition to his family.

Quite a number of Hondo people visited the Sabinal fair the first of the week. In the baseball game there Wednesday between Sabinal and Hondo teams the Sabinal aggregation annexed the big end of the score by a very decisive majority.

Mail orders promptly attended to. Phone or write us for any and every thing usually sold in a Drug Store. W. H. Windrow.

Next time ask for REDSKIN TUBES. A good residence in Hondo to trade for revenue-producing property in San Antonio. Let us know what you have to trade.

Mr. and Mrs. E. G. Garwood of San Antonio were last week-end guests of Mr. and Mrs. T. McClaugherty.

Mrs. A. F. Reinhart returned to her home in Sabinal Friday after a several days' visit to her sister, Mrs. R. J. Reily, and family.

Mr. and Mrs. Walter Rothe and Mrs. Alice Reinhart of Seco were last week-end visitors to Mr. and Mrs. Felix Batot of Hondo.

H. R. Wernette bought a fine registered ram at the recent fair to head his farm flock of sheep. Mr. Wernette is one farmer who is demonstrating that a small flock of sheep can be profitably kept on a black land farm.

T. R. Bolin, Director of the Division of Markets of the State Warehouse Department, was here Saturday, giving the fair the once-over. While here Mr. Bolin was a caller at the Anvil Herald office. Mr. Bolin reports his Department as very busy helping the farmers of Texas find a market for their produce.

What came near being a serious fire occurred in the rear of the post office at Yancey Wednesday afternoon. Mrs. Burgin, the postmistress, had occasion to visit the warehouse in the rear of the post office and while there struck a match which she thought she extinguished but from which she thinks the fire originated. Shortly after returning to the post office she noticed smoke and flames licking the side of the building. By the quick and efficient use of some handy fire extinguishers and the organization of a bucket brigade the blaze was soon brought under control. The loss and damage was negligible.

FOR SALE—One good pair of bay mules (match team) about 15 hands high, guaranteed for heavy work, etc. Also one bay mare, about 14 hands high; also one wagon, one buggy, in good order. Apply to Jos. F. Schott, Castroville, Texas.

### MINCK-JUNGMAN WEDDING.

The wedding of Miss Clara Jungman, daughter of Mr. and Mrs. Ed. Jungman and Mr. Walter Minck took place this evening at 6:30 o'clock in the Parochial residence, Rev. A. Heckman officiating. The attendants were Miss Florence Mangold and Julius Jungman. The young couple left immediately after the ceremony on a wedding trip to Corpus Christi. On their return they will make their home in Lacoste, where Mr. Minck is assistant cashier of the Lacoste bank.

### FROM THE BANDERA NEW ERA.

Captain Leopold Haby was among the visitors to the fair, and while he was here he called and secured seven copies of the Pioneer History of Bandera County.

Mr. and Mrs. Allen Graham of Tarpley were among the fair visitors last week.

Mr. and Mrs. Walter Short of Hondo were the guests of Mr. and Mrs. J. W. Short last week.

A few days ago J. W. Short sold and delivered to Smythe Brothers of Uvalde 275 good steers, three and up, at \$38.50 around. Delivery was made at Sabinal. This is the best sale made for some months and we hope other sales will soon follow.

A. V. Pue was down from Laxson Creek Monday and informed us that his sister, Miss Daisy Pue, killed a wildcat with a hoe one night last week at his ranch. The wildcat had made a raid on the chicken coop, secured a chicken and was devouring the fowl when Miss Pue interrupted his feast with a well directed blow.

E. E. Coughran was over from Tarpley Friday and informed us that a new wolf association had been organized in his bailiwick with Allen Graham as president and Howard Billings as secretary. The territory reaches from Medina to four miles south of Tarpley. The amount of bounty has not yet been decided upon but action will probably be taken in the matter at the next meeting. The books are now open and new members are being solicited.

### FROM THE SABINAL SENTINEL.

Sabinal Defeats Hondo in Tight Game. In a very close and interesting game, the Sabinal nine defeated the fast Hondo team at Hondo Thursday afternoon by the score of 3 to 2.

Those who witnessed the game said that it was a pitchers' battle from start to finish, with Giffin, pitching for Sabinal, having the edge on his opponent, Dreisch. The locals scored their three runs in the sixth inning by a few timely blows aided by several Hondo errors. Shudde for Sabinal hit for three bases, but failed to score. The batteries were: Sabinal, Griffin and J. Cavender; Hondo, Dreisch and Fly.

Mrs. T. E. Wyatt went to San Antonio Monday evening.

Mrs. Jeff Johnson went to Hondo this morning to see the fair.

Messrs. Pate Cullins and Prince Woodyard motored to Hondo yesterday to take in the fair.

Mr. James Cavender went to Hondo yesterday to take in the fair.

Mrs. H. H. McDonald and Miss Bess Tyler went to Hondo yesterday morning to take in the fair.

### DEVINE NEWSLETS.

From The Devine News. We get it unofficially, that a brand new rig has been ordered and is expected in most any time, to put on the Noonan well at the Hill, west of town. Things have been quiet in the oil line here for the past two weeks but when these two deep tests, one on either side of town, start up in earnest, things will pick up in the way of leases, and should a good producer be struck at either place, things will fairly hum.

Sweet Milk Route to Start October 1. Dr. Barnes and Mr. Braendle of the Alamo Food Company of San Antonio had another conference Saturday with local dairymen, and decided to start their milk route Monday, October 2nd. They will furnish cans to start with, until it can be tested out. Anyone wishing to milk the cows and turn the sweet milk in at good prices should confer with Mr. E. M. Lewis, their representative here.

### F. U. Warehouse Bought By Local Farmers.

The trustees of the Farmers Union Warehouse Company of Medina county sold the big 40 by 70 iron-clad warehouse in Devine this week for the amazingly small sum of \$750. This big warehouse was built in the year 1907 and at the low price of material, cost new, \$2,760. The Union never did succeed well in Devine, and for the past few years it has been used by Tom, Dick and Harry for the storage of one thing and another, the past season as an onion storage warehouse. This week it was bought by C. H. Melton at the above named figures. Mr. Melton figures that at present prices the corrugated iron and framing, some 3,000 feet, is worth almost what the building cost, but he was the only bidder and really didn't need so much. He may tear it down and move it to his farm in the western part of town. The lots belong to the Ry. Company and to Adams Company, but there is a long lease contract, which will probably be transferred with the building; and it may remain for a long time at the present location, as Mr. Melton has onion farms both west and south of town, the warehouse being between the farms.

### Devine Secures County Meet.

Devine was chosen by the teachers of Medina County as the meeting place for the County Interscholastic School Meet, last Friday by the teachers attending the Institute. The time agreed upon was the last Friday and Saturday in March. For the past several years this meet has been held at Hondo, but after a cordial welcome had been extended to the schools of the county by our local school officials to meet here, Devine was selected unanimously. It was pointed out that it affords more interest in the meet if it is held at different places over the county from year to year rather than locating it permanently at one place. It was further shown that Devine would have an excellent school auditorium completed by that time in which to hold the general meeting, thus making it one of the most ideal places in the county for such a meeting. There are usually boys and girls from practically every school in the county in attendance at these meets as well as teachers and a great number of visitors. The following officials were selected to make the meet a success and conduct different contests:

Supt. A. B. Smith, Devine, Director General; Miss King, Lacoste, Director of Declamations; Mrs. F. Bowman, Natalia, Director of Debates; Miss Henderson, Hondo, Director of Essay Writing; Supt. Holmes, Castroville, Director of Athletics; Supt. W. N. Saathoff, Hondo, Director of Rural Schools; Mr. S. H. Saathoff, New Fountain School, Director of Spelling; Miss Lillian Brucks, Director of Music.

Shook School opened Monday with many of the patrons present to greet the teachers, Misses Dubose and West. Talks were made by Messrs. David and Ezra Griffin, Paul Keller, trustees, and Mr. Henry Bendele, who takes great interest in the school. With a new house and two teachers, Shook is now booming in school matters. A literary society will probably be organized and an effort made to create a social center around the school.

Leo Bohl, Gus Breiden, J. B. Huegele, Julian Roberson and J. W. Roberson Jr. and other local farmers took off several blue ribbons on hogs, chickens and corn at the Hondo fair. We may get full particulars later for the paper. Leo Bohl got three first prizes on big-bone Poland-China hogs.

## "Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose or two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

HONDO EXHIBITS OF HIGH  
CLASS.

Second Day of Fair Draws Good  
Attendance, With Interest Keen.  
Staff Special to The Express.

Hondo, Tex., Sept. 16.—There was  
a good attendance on the second day  
of the Medina County Fair and the  
exhibits in the live stock department,  
especially, received a great deal of  
interested attention, as their charac-  
ter and scope deserved. In the cattle  
class the displays made by W. T.  
Montgomery and Judge E. D. Henry  
of San Antonio from the Medina  
Hereford farm near Macedonia and  
from the Frio farm of double stan-  
dard polled Herefords of Henry &  
McCloskey near Dilley were, of  
course, the cynosure of all eyes, as  
they have been at many other fairs  
within the past few weeks at which  
they have won numerous first and  
second premiums. There are other  
herds of both beef and dairy cattle,  
including some that have not heret-  
ofore competed for prizes at any  
live stock show.

**Fine Showing of Goats and Sheep.**  
In the Angora goats and Merino  
sheep class there is a fine display,  
including three pens of the prize  
winning beauties of J. L. Gully's  
ranch near Uvalde and of A. B. Boren  
of Leakey, six pens of them and a  
multitude of ribbons obtained at  
other fairs. Also some fine exhibits  
are made by R. N. Padgett of Tarpley  
and from the Mangold farm near the  
same place and of graded sheep from  
Mr. Saathoff's farm near Hondo.

In the swine class there are many  
pens of high class porkers, and  
among the principal exhibits are the  
32 head of Poland-Chinas and Duroc-  
Jerseys from the N. M. ranch near  
Boerne of 12 head from the Spread-  
ing Oak farm and the several pens  
of Hughes Bros., Huegele Bros. and  
Leo Bohl, all of D'Hanis.

**Industrial Display Interesting.**  
In the industrial department the  
D'Hanis Brick and Tile Company  
make an attractive display, architec-  
turally and otherwise, said to be its  
first effort at any fair and the Seco  
Pressed Brick Company of the same  
city a creditable exhibit nearby. In  
the same department an exhibit which  
attracts much attention is that of the  
Lumber Motor Manufacturing Com-  
pany of San Antonio, with Secretary  
A. D. Fischer in charge.

In the main exhibition hall there  
is an attractive display of ornamental  
plants, grasses and flowers and of  
products of the farm and of the do-  
mestic arts and the dainty handiwork  
of the daughters of Hondo and vicin-  
ity and the neighboring towns, but  
this is the initial Medina County Fair  
and some things are lacking because  
of the short time allowed for pre-  
paring exhibits which must be plan-  
ned a long time ahead. For a first  
attempt it is thought by home folks,  
exhibitors from a distance and visitors  
as well that the Medina County Fair  
Association has achieved a measure  
of success that should be most grati-  
fying and stimulative of future ef-  
forts and enterprise.

**Concessions Do Good Business.**  
The concessions, a big bunch of  
them, including, besides the refresh-  
ment providers, a large number of  
side shows and the like, did a fine  
business the opening day, but not  
quite so well today, the attendance  
of visitors being smaller, but there  
is expectation of a very large crowd  
today, which will be the last of the  
sessions.

There were no program horse races  
this afternoon, but two or three  
match races were made up on the  
spur of the moment which, with the  
usual rodeo, afforded considerable  
entertainment at the race track.

MEDINA COUNTY ENDS 1922  
FAIR.

Crowning Queen of Roses Fitting  
Conclusion of Successful Season.  
Staff Special to The Express.

Hondo, Tex., Sept. 16.—After a  
very successful and satisfactory three  
days' session the Medina County fair  
closed its gates this evening and the  
concluding ceremonies took place in  
the auditorium over the Chamber of  
Commerce building where a large  
and happy throng assembled to do  
honor to the Queen of Roses—Miss

Norma Rothe—who sat upon her  
throne, surrounded by her regal retin-  
ent, to whom all paid court. By  
way of regal entertainment, there  
were interpretative dances preceding  
the grand march, which was led by  
the queen, when general dancing fol-  
lowed, and was kept up until a late  
hour.

At the fair grounds there was a  
sprinkle of rain in the early fore-  
noon and the clouds were more or  
less ominous for some time, but this  
did not stay the visitors who began  
to arrive early and continued to pour  
into the gates until the crowd was  
swollen to good proportions.

Meanwhile the judging of livestock  
was going on in the arena and at-  
tracted considerable interest of the  
fair visitors generally, as well as of  
the livestock men.

Dr. W. H. Beasley, First Assistant  
State Health Officer, and his associ-  
ates, Miss Elizabeth Morgan, State  
supervising nurse, Mrs. George Mac-  
Kenzie, itinerant nurse, and Mrs. L.  
E. Ledbetter, secretary of child hy-  
giene, having been holding a child's  
health conference in the main exhibit  
hall during the fair in which a great  
deal of interest has been manifested.  
The purpose was to stimulate inter-  
est in maternity, child hygiene work  
and to show what can be done for  
the health and improvement of both  
mothers and babies by proper care  
and attention. The work of this  
peripatetic bureau is confined strictly  
to rural communities and the instruc-  
tion given is followed up by a free  
distribution of informative literature  
published and circulated by the State  
Health Department. Dr. Beasley  
and his staff were heartily welcomed  
to the Medina County fair and were  
afforded every facility and encourage-  
ment for the carrying out of their  
excellent work.

## That Knife-Like Pain.

Is Only One of Nature's Warnings of  
Weak or Disordered Kidneys.

Have you a lame back, aching day  
and night? Do you feel sharp pains  
after stooping? Are the kidneys  
sore? Is their action irregular? Use  
Doan's Kidney Pills—the medicine  
recommended by so many Hondo  
people. Read this case:

Joe Hunsar, Hondo, says: "I can  
highly recommend Doan's Kidney  
Pills for I know they are excellent.  
I suffered with my back and my kid-  
neys bothered me a great deal. I had  
sharp, knife-like pains in my kidneys  
every time I moved. I had to get up  
nights on account of the irregular  
action of my kidneys. The secre-  
tions burned in passage and were  
highly colored. A friend told me of

# WILLYS-KNIGHT HAS NEW MODEL.

Open and Closed Cars Being Exhibited.

Real of favorable comment on the new seven-passenger Willys-Knight open and closed which have only been on the market a few days, according to the Motor Sales Company, for this territory.

of the seven-passenger delivered to Willys-Overland 30 days ago and so revere automobile buyers in that orders have poured in for this latest model Willys-Knight line.

Seven-passenger models, the Willys-Knight line and make for Willys-Overland dealers to serve the needs of a large class of buyers in addition to wanting Willys-Knight cars have desired seven-passenger models.

Willys-Knight Overland facades having the seven-passenger models ready at the demand for the five-passenger models was so great that it was unwise to let anything get away from their production. Now they are increased production of seven-passenger models will be regular.

General lines of the new models are to the standard five-passenger Willys-Knight cars, though in a longer, lower appearance.

Interior is wide and roomy, auxiliary seats which unfold and easily from a closed position in the rear of the driver's compartment. Seats are large and comfortable, spaced as to afford ample leg room even for persons of average height and weight.

Motor is the same four-cylinder, overhead-valve type made the Willys-Knight car for dependable performance and economy of operation.

As well as in all other late models the Willys-Knight cars, the roller bearings in both front and steering pivots provide not found in any other car at any price, these are the only ones equipped with 100 per cent adjustable front

Wheels not only simple, easy to adjust, but also means to the wear on the bearings, but also remarkable ease of adjustment, a point which appeals to the motorist and particularly the woman.

Another feature that appeals very much to every motorist, and particularly to ladies, is the multiple disc brake arrangement, consisting of 10 discs of steel and asbestos discs unclamped by pressure when clutch is released, yet which requires only a few pounds of foot pressure in the clutch disengagement.

Remarkable ease of operation makes possible will be realized when it is considered that the pedal pressure required to engage the clutch of the Willys-Knight is approximately three pounds.

**ANNOUNCEMENT.**

Southwestern Bell Telephone Company, through its local manager, B. H. Hurt, has announced the issue of its 7 per cent Cumulative Preferred Stock.

The security has become well known as a good investment because of safety and the good return of

April the second issue was to the public and was over-subscribed within a few weeks. Since the stock has continually risen in value, the general downward tendency of interest rates should make the security even more popular.

According to the Company's statement, more than 14,000 people in this territory purchased the first issue, buying either for cash or on the partial payment plan. The company now has stockholders in every city or hamlet in the territory in which it furnishes telephone service.

The new issue should have a special appeal to the people of Hondo because it is a home investment. Investors seem to appreciate very highly the opportunity to put their money in an investment which they can see right before them in their own offices.

Cars may be bought for \$100 down and accrued dividend or on monthly installments of as low as \$5 per month. Purchases may be made by telephone or from any one employee.

# BIG NEW FEATURES ADDED TO COLOSSUS.

Ringling Bros. and Barnum & Bailey Bring Entire Shipment of Novelties From Europe.

Made even more tremendous than in 1921 by the recent addition of many more trained wild animal displays and the purchase of Europe's biggest horse show, Ringling Bros. and Barnum & Bailey combined will exhibit at San Antonio Monday, October 9.

All who glance over the cable news or who read the magazines must have noted the many contracts entered into by the Ringling Bros. for foreign talent last winter. A special ship was chartered this spring to bring the hundreds of human performers, trained animal acts and equine displays to America. More than a million persons saw the mammoth new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard five great railroad trains. It is a third bigger than the Ringling Bros. and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonder circus of 1922—with its more than twenty trained wild-animal displays in steel arenas, fully 150 wonderfully schooled trick horses, 700 men and women performers, 100 clowns, and scores of features, the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey combined shows. Instead, all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all and includes admission to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include a tiny baby hippopotamus only recently born, and accompanied by its three-ton mother. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and for which the Ringlings recently refused an offer of \$30,000.

# Watch the little for speed home for Kellogg's Corn Flakes

"Mother, I always ate the rice when I was a baby and I can't hardly wait till I have some quick, mother!"

It's great to see child enthusiasm for Kellogg's to see every one in the family enjoy their crisp, crunchy and wonderful flavor! To sit down before a bowl of these joyous, oven-browned "sweet-heart" flakes and some milk or cream—and fresh fruit—it's handy—is just about the very last word in appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—the original Corn Flakes! Kellogg's never tough or leathery; never hard; never a disappointment!

Be certain to get Kellogg's delicious kind of Corn Flakes in RED and GREEN packages—both are genuine without the signs of W. K. Kellogg, the original of Toasted Corn Flakes.

The most interesting news of the week comes from the Hondo Oil Company's well, drilling on the Hondo farm some four miles south of town. A fine showing of oil was struck at 220 feet, the shut pit being covered with oil, and the promoters feel very sanguine of bringing in a paying proposition. This well will be sunk to a depth of 2,000 feet unless a pay sand is penetrated before that depth is reached.

The well of the Yancy Oil & Gas Company drilling on the Hondo ranch is standing, waiting on the cement to set. This well has been cemented to a depth of 1,000 feet. Drilling will probably be resumed the coming week.

The well on survey No. 1, C. Kempf, two and one-half miles northwest of Medina, has entered into a contract to go to a depth of 1,500 feet if pay sand is not found before that depth is reached. The original contract was for 1,000 feet, but the promoters, George Adams and Billings, have concluded to make a deep test unless oil in paying quantities is encountered sooner. This well, however, has not reached very much of a depth yet.

The well on the Rottle ranch, north of Medina, hasn't started in yet, but this event is but a short time off. Workmen are busy on the preliminary work and active boring will begin at an early date. This is to be a deep test.

We have heard nothing from the Hondo Oil Company well, boring on the George Schmidt ranch, for the past week.
